Professor of Philosophy of Science

Dear Mrs Sfendoni-Mentzou,

Thank you very much for the invitation directed to me. The establishment of the "Interdisciplinary Centre for Aristotle Studies" is the realization of a brilliant idea and the satisfaction of an imperative need which I welcome. The mission of the "Interdisciplinary Centre for Aristotle Studies" shares common goals with the Melina Mercouri Foundation as is the promotion and spreading of Greek culture in Greece and abroad. The Melina Mercouri Foundation, from its establishment until today, has been a supporter of such actions.

That said, I regret not being able to accept your kind invitation, because I only received it yesterday, thus making it impossible to accept.

I wish you the best of success.

Sincerely,

Christophoros D. Argyropoulos  
President
