GENERAL SECRETARIAT

Professor Demetra Sfendoni - Mentzou
Faculty of Philosophy
Aristotle University of Thessaloniki.

Nicosia 14.12.2011

Dear Ms President,

Thank you kindly for the invitation you sent us. We are very pleased, along with you, for the establishment of the "Interdisciplinary Centre for Aristotle Studies" at AUTH. Unfortunately, circumstances beyond our control, do not permit us to attend the events and deliver our address.

We would like, however, to assure you that we will work with you in order that the established Centre for Aristotle Studies promotes Aristotelian work and becomes a pole of attraction for Aristotelians internationally. We also assure you that the World Council of Epirotes Abroad will work with you for the purpose of realizing the objectives of the Centre, which have a universal dimension and importance.

Thank you once again for the invitation directed to us, we congratulate you on the establishment of the "Interdisciplinary Centre for Aristotle Studies" and we will be in constant contact in order to promote the goals of the Centre.

With great appreciation and patriotic greetings

THE PRESIDENT
