This commemorative volume of the World Congress “Aristotle 2400 Years,” includes a multi-thematic collection of one hundred and sixteen contributed essays initially presented at the Concurrent Sessions of the World Congress “Aristotle 2400 Years.” The Congress, which was organized on May 23-28, 2016, by the *Interdisciplinary Centre for Aristotle Studies* of the Aristotle University of Thessaloniki, was under the auspices of the President of the Hellenic Republic. It also had the full support of the *International Federation of Philosophical Societies / Fédération Internationale des Sociétés de Philosophie* (FISP), the *Academy of Athens and the Hellenic National Commission for UNESCO*. The essays of the volume cover a broad variety of topics on Logic, Metaphysics, Ontology, Politics, Ethics, Bioethics, Eco-ethology, Pedagogy, Rhetoric, Poetics, Epistemology, Theory and Methods of Thinking, Physics, Biology, Ornithology, Psychology, Medicine, Mathematics, Astronomy, Cosmology and Biocosmology, Networks, Computation and Informatics. The volume presents a historic gathering of scholars from a wide range of countries: Argentina, Austria, Belgium, Brazil, Bulgaria, Canada, China, Colombia, Cyprus, Czech Republic, Denmark, France, Germany, Greece, India, Israel, Italy, Peru, Philippines, Poland, Romania, Russia, Spain, The Netherlands, Turkey, UK, USA. The result is a fruitful crossroad of different cultures and traditions, which opens extremely interesting perspectives in the way we understand the Stageirite’s thought and sheds light on his insights that are of value today.
